- 5- Look for the desired university and then sum **Columns 4* and 3***
- As the example shown below for (**University of Birmingham**) Ranking

In the shown example for University of Birmingham the final result from adding columns 4 and 3 is $29 + 57 = \underline{86}$

- If the result **above 80** it will be (**Rank 1**)
- If the result **from 75 to 79** it will be (**Rank 2**)

So University of Birmingham will be ranked as **Rank 1.**

Universities Ranking for United State of America

Enter the website for universities ranking in the USA
